

Inter-Principal Investigators Transfer of Mouse Strains in LAF

DONOR

Principal investigator (Dept):	
Strain name(s):	
No. of cages involved:	
Current holding barrier:	
Current animal room:	
Current cage rack:	
User responsible to the transfer Note 2:	
Date of transfer:	

Donor PI signature: _____

Date: _____

RECIPIENT

Principal investigator:	
Destination barrier:	
Destination animal room:	
Destination cage position(s):	
User responsible to breeding/use of the transferred strain:	

Recipient PI signature: _____

Date: _____

Note:

1. Please complete and submit this form to LAF (apcf@ust.hk) prior to the animal transfer.
2. Please request service from LAF if the cage transfer is inter-facility (e.g., 7L to 7H).
Transfer of animals across facilities by user is strictly prohibited.
3. Transfer of strains up the biosecurity levels (e.g., from A2 to A1) requires derivation.
